COURSEWORK

UNDERGRADUATE
Data Structure and Algorithms
Object Oriented Programming
Database Management System
Operating Systems

SKILLS

PROFICIENT:
• Java, C++, Data Structure
• Algorithms, Problem Solving

FRONTEND:
• HTML, CSS, SCSS
• Javascript, React, NextJS

BACKEND:
• NodeJS, ExpressJS
• REST API, Postman

DATABASE:
• MySQL, MongoDB

OTHERS:
• Git, Github, Framer Motion

CODING PROFILE

GFG:// **codewithshubham**
Leetcode:// **CodeWithShubham**

EXPERIENCE

OPEN SOURCE CONTRIBUTER | HACKTOBERFEST
Oct 2020 – Nov 2021 | Github
- Participated in Hacktoberfest for two consecutive years.
- Contributed to various github repositories and fix bugs & solve data stucture problems.
- Worked as maintainer - reviewed code for 50+ pull requests at codedamn-hacktoberfest-projects

PROJECTS

DEVSHOWCASE | SOCIAL APP
- Build a project sharing website in a **team of three developers**, where users can add and showcase their projects and their developer profile.
- Developed the frontend of web application using **NextJS and Tailwind CSS** for styling.
- Used **Cloudinary API to store photos** and reterive them later in high quality and store user data on **MongoDB using moongoose**.
- Link: DEVSHOWCASE

DISNEY+ WEBAPP | FRONTEND APP
- Only **registered users** can have access to streaming latest movies and web series.
- The application is **Frontend of webpage** which is similar to hotstar disney+ website.
- All the essentials features like **authorization, authentication and an interactive UI** were taken into consideration.
- Built using **React, Redux, Firebase**
- Link: DisneyPlus

CRYPTOPRICEY CHECKER | BACKEND APP
- A command line interface for quick checking **live cryptocurrency price**.
- Only **Valid Users** who have **registered API key** are allowed to access in their CLI.
- Beginner friendly and easy to use.
- Used **NodeJS, Nomics API, Commander.js**
- Link: CRYPTOPRICEY CHECKER

ACHIEVEMENTS

Secured 1240 rank out of 22K+ in codechef december long challange 2020

Among top 5 in university out of 800+ students on GeekForGeeks

Secured 1697 rank out of 50K+ in coding ninja codekaze

Among 500 out of 200K+ participants on CSSBattle

Solved 500+ DSA problems on various coding websites
